Mr. Andrew E. Ruddock, Director Bureau of Retirement and Insurance United States Civil Service Commission Washington 25, D. C.

Dear Mr. Ruddock:

In the interest of saving time and getting our payments to the underwriter faster it is requested that GEHA, Inc. be permitted to send to the Health Benefit Fund a check for the net 4% of premiums collected. This would be forwarded with a statement showing the total amount collected and the premiums due for high and low options.

I have discussed this with Mr. Kator who indicated that it might be acceptable and would save considerable time. Your approval of this procedure will be greatly appreciated.

ware and a second		
	President	
	GEHA. Inc.
